

ANTIS WON FIGHT Local Option and O'Neal Carried Alabama Election.

BANKHEAD FOR THE SENATE

Democratic Primaries in the State
Resulted in a Clean Sweep of the
Field by the Antis—Prohibition
Law Will Be Modified.

Montgomery, Ala.—Emmett A. O'Neal, leader of the fight against the recent proposed amendment to the state constitution which would have prohibited the sale of gold in the state, was defeated by S. P. Mallory, of Selma, a member of the legislature, according to a majority of between 20,000 and 25,000 for governor, in the democratic primaries held in Alabama.

United States Senator John H. Bankhead received a vote which was probably equal to that cast for him by his two opponents, John P. Knox and S. W. White, and is assured of a seat in the senate.

The claim is made that the majority of the delegates to the state convention, which meets on May 10, will stand for local option and will insist on the modification of the present statewide prohibition laws. It is claimed that a majority of the state senate will favor local option as opposed to statewide prohibition, although the attitude of a majority of the members of the house of representatives will not be known until later. It is believed as certain that the prohibition laws of the state will be modified.

The anti-prohibition candidates in the state ticket appear to have made a clean sweep of the state ticket.

Stephen, Ala.—In a quarrel at the polls here M. P. Mathes fatally stabbed R. P. Ward, who then shot Mathes to death. Ward died but one shot. Mathes was killed almost instantly and Ward may die.

GOLD IN NORTH GEORGIA.

Strike in Murray County Said to be Bigger than at Florida.

Dalton, Ga.—Gold has been found in Murray County within a few miles of Sodas Place, the discovery having been made on what is known as the Jack Mauldin farm, now occupied by John Rouse. It is not known how much gold has been found. The news of the discovery brought news of another find, brought here by Murray county people, and it is believed that the find is considerable as it is said the gold is even more valuable than was at first believed.

When the news reached here it

caused considerable interest and was the subject of much discussion. It has been known for a long time that the Cohutta mountains contained valuable gold deposits, as gold was found in this section in the early days of the republic and any number of persons have tried to find gold there.

BRIBERY SCANDAL
Railroad, Chicago Council and State
Legislature are involved.
An investigation of an alleged bribery scandal involving the Chicago and Western Indiana railroad, the Illinois legislature, as composed two years ago, the city of Chicago and sum of money which may run anywhere between \$60,000 and \$100,000 that amount, has been ordered by State's Attorney Wayman

The state's attorney has ordered the demanding of a special grand jury to conduct the investigation.

The trouble has been brewing for months. The state's attorney's action is based on statements made by John F. Fenton, who was sued by the Chicago and Western Indiana for the return of \$625,000, of which amount the railroad company avers Fenton defrauded it in real estate transactions.

Fenton, in his turn, has asked for an injunction to restrain the prosecution of this suit, alleging that parts of the money which the road seeks to recover went to influence legislation, both at Springfield and Chicago.

TWICE SAW HALLEY COMET.

Aged Georgian Recalls Viewing Celestial Wonder in 1825.

Cordova, Ga.—John McArthur, of this city, enjoys the distinction of having looked upon Halley's comet twice.

At the age of nine, he remembers distinctly to have seen this wonderful visitor in the fall of 1835, while he was residing in Williamson county, "corn shucking," and the second time his eyes beheld it was in Cordova Wednesday morning, at the home of his son, Dr. A. L. McArthur. He is now 84 years of age and is half and half for a man of his years.

Peace Measures Sought.

Washington—The Cuban American court of justice at Cartago, Costa Rica, has made overtures to President of Nicaragua and to the revolutionary general, Estrada, of that republic, looking toward an armistice and peaceful settlement, according to state department advised. Col. Moffatt, at Bluefields, is the department's informant.

Groom of One Month Kills
Self

Flomington, Ala., April 29.—Henry Faulknerby committed suicide here at 1 o'clock Thursday afternoon by shooting himself with a revolver just above the heart, the ball ranging downward and coming out above the spine. He died instantly.

He was visiting his brother in-law here, W. L. Palmer, who is employed by the Western Union Telegraph Company as a lineman. He was a machinist and worked in his father's machine shop at Andalusia, which was his home.

Faulknerby has been married about one month. He was 22 years old.

Free Sample For Baby's Ills

Something can and must be done for the puny, crying baby, for the child that refuses to eat and is restless, for the child that is not well, for the child that is the proper working of the digestive organs, look first to the condition of the stomach and bowels.

A child should have two full and free movements of the bowels a day. This can be done by giving the child as much as it comes a clean head, a light, easy, painless, quiet and sound sleep. But it is equally important to know what gives the child in the condition of constipation, for the child's bowels are too strong and salts are too strong.

It is a common mistake to believe that the child's bowels are too strong, but the child refutes them before you can try to give it a laxative. Have you ever tried Dr. Caldwell's Syrup? It is a light tonic that families have been using for years. It is a safe, painless-tasting and promptly effective laxative. It is a safe laxative for the child, but there is nothing better to be found for adults. "They like its taste and will not have to take it again."

If you have not yet used it, Dr. Caldwell would like to send you a sample. Just write to him and tell him what you can try before buying. Later, if you are not satisfied, you can get it at your druggist for only one dollar a bottle, just as thousands of others have done. Dr. Caldwell, of Mr. D. W. Spangler of Strattonville, Pa., and Dr. W. C. Johnson of Walnut Grove, Tenn., started it in one family and now it is used in thousands of families.

If you are unfortunate enough to have a child that is not well, you should send for a sample. Dr. Caldwell personal will be pleased to give you any medical advice you may need. Write to him and tell him what the stomach, liver or bowels absolutely refuse to do. He will send you a letter and he will reply to you in detail. Please write and simply send your name and address on a post card, or otherwise. For either request the doctor's sample or Dr. Caldwell's Syrup. Dr. Caldwell's Syrup, 1000 N. Main Street, Monticello, Ill.
